What is a MemeCoin?

A vintage map of South and East Asia, showing countries like India, China, and Bangladesh. The map is overlaid with a teal gradient on the right side. The text 'A Community' is written in a bold, yellow, sans-serif font across the center of the map.

If meme coins are the way, maybe I'll issue one. With a twist. Same terms as **\$TRUMP** . 20% float. Same release schedule. One difference.

All the revenue from the sale of the coins go to the US Treasury. The wallet address will be published so everyone can track it.

If you want to gamble, gamble. But at least use it to make a dent in the US Debt
